Steel City Free-mo	HO	Rural Tuscaloosa County	Birmingham, Alabama, and Southeast	Nil	<a href="#">Alabama Modular Layouts</a>	Free-mo+	rockymidlandrr@yahoo.com	The Steel City Fre-Mo is a group of model railroaders and friends seeking to share our passion for the hobby via our Free-Mo modules at model train shows, public events, and other opportunities with railroad museums, other modular groups, and local model railroad clubs. Participants come from multiple clubs within and outside of the state of Alabama. This group is not a club, but a group of like-minded friends working to promote, educate the public and other modelers, and fellowship with one another through the use of our modules.	8-Jan-2024

Free-mo SLO	HO	San Luis Obispo	California Central Coast	<a href="http://www.trainweb.org/freemoslo">www.trainweb.org/freemoslo</a>	Nil	Free-mo Only	Bob Schrempp rr@schrempp.us	Free-mo SLO or SLO-MO started in 2001 or 2002. We cover the greater San Luis Obispo (Central Coast) area of California, from Paso Robles to Arroyo Grade and beyond. We are not a "club" we are just a group of like minded individuals that like the Free-mo concept.  We generally have a work session once a month, individuals work on modules and other projects more often, but as a group we get together once a month. On the weeks we do not meet, we have a video conference call on Sunday mornings to chat about what we are doing and show off projects. We often have others from other Free-mo groups joins us for our monthly gatherings or weekly video calls.	15-Nov-2023

Northern California Free-mo (NorCalF)	HO	San Francisco Bay Area	Greater San Francisco Bay Area and Northern California	<a href="http://www.norcalfreemo.com">www.norcalfreemo.com</a>	Nil	Free-mo Only	Gary Green gary@regalvalley.com Ed Sutorik edwardsutorik@aol.com	The overarching goal of Northern California Free-mo is to operate finely detailed HO scale standard gauge railroad models in a prototypical fashion through realistic model scenery.  Northern California Free-mo (NorCalF) is an informal group of like-minded modelers experienced in the various model railroading disciplines. We aspire to a high standard of modeling ranging from cabinetry skills for module framing, to preparation and operation of highly detailed engines and rolling stock. There is no organizational structure, meetings or dues. All decisions about setups and group recommendations are made by consensus. Setups occur as space and time are available, typically 2 to 4 times per year.	16-Nov-2023
Sacramento Free-moN	N	Sacramento	Greater Sacramento area	Nil	<a href="#">Sacramento Free-moN</a>	Free-moN Only	Ryan Wilkerson	Sacramento, California area Free-moN modelers interested in building realistic, highly detailed and operational N Scale modular railroads. We setup at train shows throughout the Western United States.	19-Nov-2023
Silicon Valley Free-moN	N	San Francisco Bay Area	Northern California area	<a href="http://www.sv-free-mon.org">www.sv-free-mon.org</a>	<a href="#">Silicon Valley Free-moN</a>	Free-moN Only	Stephen Williams Eric Eggel	We are a few of folks in the SF Bay Area building realistic, free-form N scale modules.\	9-Jan-2024
SoCalFree-mo	HO	Los Angeles, Orange County, San Diego County, Southern California		<a href="http://www.socalfreemo.org">www.socalfreemo.org</a>	Nil	Free-mo Only	Dan Baker	SoCal Free-mo aims for realistic prototype-based modeling of railroad scenes using Free-mo standards. Our intention in SoCalFree-mo is to build modules based on actual prototype scenes. Without regard to era or railroad, we are looking for modules that are realistic presentations of real railroading in miniature.	7-Dec-2023

Our members are mostly around the greater Saint Louis area, but we also have members in other states. Our modules follow the Free-moN standard (http://free-mon.net/), and we have participated in layouts from Ohio to Texas and Nebraska. Our modules are currently all Midwest-themed, but we are open to any prototypical module idea. The Free-moN layout features mostly way freights instead of the typical loop running most often seen at shows. Modules include prototypical scenes from Kansas, Oklahoma, and Missouri, as well as some proto-freelanced scenes.	2-Jan-2024
Ozark Model Railroad Association (OMRA)	HO	Springfield	Southwestern Missouri and Northwest Arkansas		<a href="http://www.omraspringfield.org">www.omraspringfield.org</a>	Nil	Free-mo Only	Jonah Hemingway jonah@independentprinting.net	We are a 501C3 Non Profit organization dedicated to teaching others about the wonderful hobby of model railroading. Our club layout is modeled after the Frisco Fort Smith Sub set in the mid 1970's. We also put on an annual train show and are working to put on annual Free-Mo setups.	27-Mar-2024

Inland Washington Free-mo	HO	Spokane	Western Washington and Idaho	Nil	Nil	Free-mo Only	Peter Heppler inwafreemo@gmail.com or Mike Tietz mtietz_74@comcast.net	We set up twice a year at the local Fairgrounds and are primarily double track with guests who bring single track modules at times. To date our group has built around 130 modules and three loops and is open to all that want to participate in our set-up with their modules. Our group will be hosting a Free-mo set up at the 2025 Pacific Northwest Region NMRA Convention	5-Dec-2023
Pacific Northwest Free-moN	N	No specific city	NW Oregon & Western Washington	<a href="#">www.pnwfreemo-n.org</a>	<a href="#">PNW Free-moN</a>	Free-moN Only	Bert Cripe	PNW Free-mo N was established to serve N scale Freemo modelers in Western Washington and NW Oregon areas. We are an offshoot of the original Free-mo N standard. We were formed in 2011	3-Jan-2024

Coldslap Free-mo	HO	Chilliwack	British Columbia	<a href="http://www.coldslapfreemo.org">www.coldslapfreemo.org</a>	Nil	Free-mo Only	Larry Sebelley coldslap@shaw.ca	Coldslap Free-mo Society is a club of nine members based in BC. We build and operate modules that are fully-compliant with the standards in www.freemo.org  Generally, the modules depict the scenery found in the Pacific Northwest of North America – lots of green trees. We operate as often as we can arrange, but less often than we might like.	16-Nov-2023
Victoria Free-mo	HO	Victoria		Nil	<a href="#">Victoria Free-mo</a>	Free-mo Only	Dan Rowsell drowsell@shaw.ca	We are a small group of Modelers that participate in some Pacific Northwest Free-mo displays	17-Nov-2023

Brighton & Presqu'ile Railway Association	HO	Brighton	Southeastern Ontario	<a href="http://www.brightonra.org">www.brightonra.org</a>	Nil	Free-mo Only	Barry Todhunter brightontrainclub@yahoo.com	A group of model railroad enthusiasts who displays our traveling Free-mo modules at 4-5 local shows per year, as well as open houses at our clubhouse in Brighton, Ont. where we have a larger semi-permanent HO Free-mo layout. Contact to arrange a visit.	1-Jan-2024
Canada Southern Free-mo	HO	Hamilton	Great Toronto and Hamilton Area (GTHA) and Southern Ontario	<a href="http://www.casofreemo.org">www.casofreemo.org</a>	Nil	Free-mo Only	Ben Kalika ben.kalika@live.com	It is our plan to model prototype scenes of the Canada Southern Railway ( CASO ) using the principles of the Free-Mo module standard. With the resources available today and the high quality modeling it is possible without too much effort to capture the flavour of the former mighty CASO. To that end we have a number of guidelines to which we expect new prospective participants to adhere.	29-Nov-2023
Credit Valley Free-Mo	HO	Mississauga/Toronto		<a href="http://www.creditvalleyfreemo.ca">www.creditvalleyfreemo.ca</a>	Nil	Free-mo Only	Contact through website	We hold twice-monthly meetings to discuss progress on group activities, module construction, and other general topics and attendance is voluntary. Members also share their talents and expertise on different aspects of the hobby. New members are always welcome, and are encouraged to join in the fun. The only pre-requisites to join are that you are interested in operating and/or building module(s) that meet with the Credit Valley Free-Mo Standards & Procedures and have a willingness to participate in group set ups at different venues. We welcome anyone with these desires, from the raw novice modeller to the most seasoned veteran of the hobby	1-Jan-2024
